Dear Mr. Weissman:

On behalf of the patients who receive care at Northwestern Memorial Hospital, it is my privilege to acknowledge Christopher Steele Foundation's generous support of the Division of Hematology and Oncology Research and Education Programs, under the direction of Dr. Mark Agulnik and in memory of Christopher Steele.

Please know how grateful we are to caring donors like you for helping ensure that the finest medical care is available at Northwestern Memorial. We rely on critical philanthropic support to keep pace with the constant changes in health care as well as to provide the state-of-the-art tools and technology necessary to offer premium care. Gifts like yours also allow us to quickly move research from the lab to the patient, and to ensure that the best nurses, physicians, surgeons, technicians and other medical professionals stand ready to help you – and all those in our community – when help is needed most.

We will keep you informed of the impact that your giving has on our patients through our newsletters and other special mailings and events throughout the year. If you have any questions in the meantime, please do not hesitate to call me at 312-926-7066.

Thank you again.

Sincerely,

Stephen C. Falk
President
