Dear Jan:

I would once again like to thank you and the Christopher Steele Foundation for your recent donation benefiting sarcoma research here at Northwestern. I am so grateful for your fundraising efforts through the 2009 Golf Outing and 2009 Long Grove Heritage Race/Walk, as well as the funds raised by Mr. Bobren and the Halloween Mystery Dinner. I congratulate you on your outstanding success with all of these events.

Together and with your support, we are building on Northwestern's nationally recognized expertise in treating and studying soft tissue and bone sarcomas. Our sarcoma research program's robust basic, clinical and translational research efforts are ensuring that our patients have immediate access to cutting-edge knowledge, novel diagnostic approaches, and up-to-the-minute therapeutic options.

I look forward to the Christopher Steele Foundation 2010 Golf Outing and would like to thank you in advance for making Northwestern's sarcoma program the beneficiary of this fundraiser.

Again, on behalf of my staff and those who will benefit from your generous donation, I thank you.

Sincerely,

Mark Agulnik, MD
